Subject: Intel® Memory and Storage Tool (Intel® MAS) transition to Solidigm™
Storage Tool (SST)

Dear Solidigm Customer,

This letter is to inform you that Solidigm has released Solidigm™ Storage Tool (SST) CLI & GUI to replace Intel® Memory and Storage Tool (Intel® MAS) CLI & GUI.

Users of Intel® MAS version 1.12 or prior will need to migrate to SST for the support of Solidigm™ SSD (formerly Intel®) products starting in April 2022.

Please download the latest release of SST CLI & GUI via the following link[1]:

https://www.intel.com/content/www/us/en/download/715595/726377.html?v=t

Contact your Solidigm™ technical support representative for further information.

Regards,

Solidigm Technology
Technical Marketing Team

*Note:*

1. The download link will be moved to solidigm.com in the future.
